

Univerus FleetLink SSV9-HD

6-Channel Monitor/DVR Combo

UNIVERUS

Enhance Vehicle Operation Safety and Performance while mitigating risk and delivering service verification

- Suitable for fleets that don't require cloud connectivity
- See what's happening inside and outside your vehicle for increased

Capture every angle around your vehicle in high definition (720p) – reduce risk and improve customer service

Gain Increased Coverage

The 9-inch touchscreen display can view and record footage from up to six cameras. The monitor features a split screen to view

Benefit from Comprehensive Insight

A GPS receiver records vehicle location and speed for greater video footage insight

Access Sizable Storage

Supports 2 micro-SD Cards of up to 128GB each, for a total of 256GB. That's enough space for up to a week of video

SSV9-HD: 6-Channel Monitor/DVR Combo

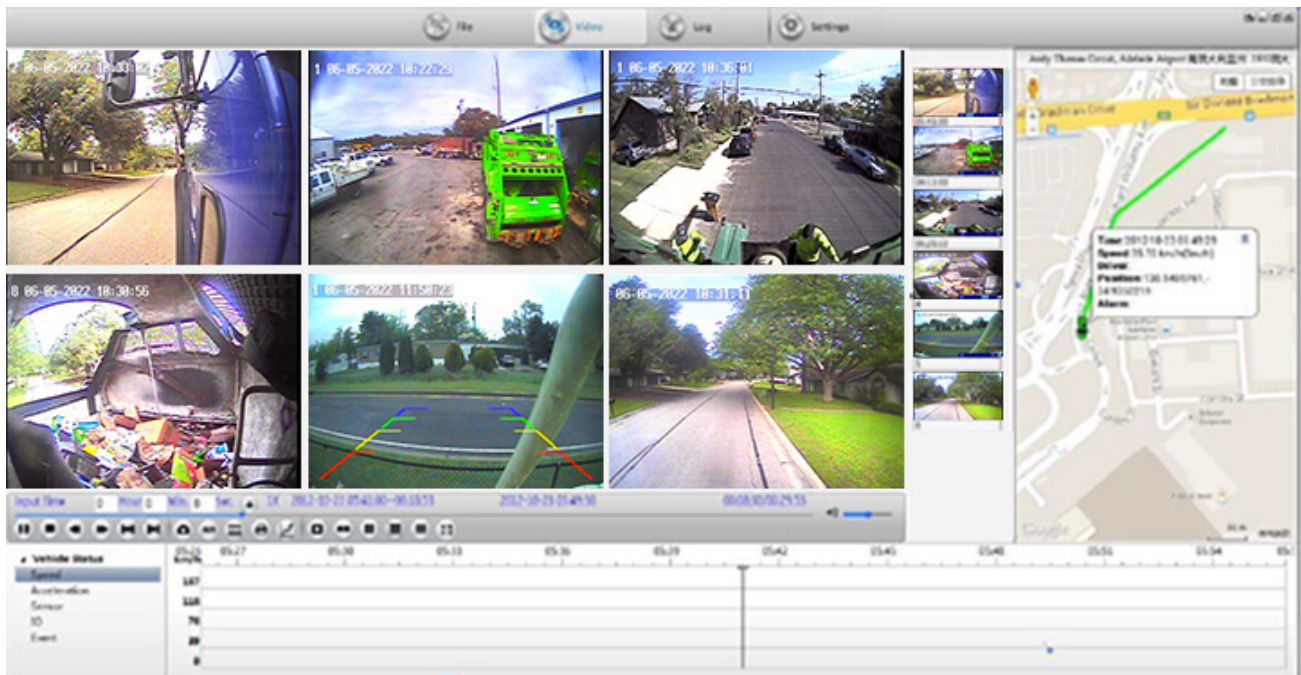

Perfect for Waste Haulers and Concrete Mixers who want to capture video inside and around the vehicle, but don't need cellular or Wi-Fi connectivity.

Back-Office Video Playback, Data and MDVR Player

The SSV9-HD has a removeable SD Card storage for videos and other related information, such as GPS and telemetry data (speed, acceleration, etc). The Media player features the functionality of a standard player (stop/play, slow/fast/ previous, next etc.)
